Assignment 0 – Non-Credit

Due: September 9, 2024

1. Read the first chapter of the Draft version of the new textbook.
2. Answer the following questions:
 - (a) What frightens you most about learning modelling and simulation?
 - (b) What excites you most about learning modelling and simulation?

Construct a Late^x file containing your written answers as well as a compiled PDF version. Submit both to the Canvas portal on the due date. Although this is not for credit, it will be marked.
